

WEEKLY PROJECT PROGRESS REPORT (WPPR)– 4

For week commencing 19 April 2026

Programme: BCA (AI,Cloud Computing & Devops)

Student Name: Kithu Manoj

Register Number: **23BCAICD047**

WPPR: 4

Internal Guide's Name: Mrs Manjula

MAJOR PROJECT Title:

Cloud Cost Intelligence Platform for Finance

Targets set for the week:

Complete full project documentation
Compile all modules including data processing and dashboard
Finalize report with results, analysis, and screenshots
Prepare presentation (PPT) for project demonstration

Progress/Achievements for the week:

Completed the full project documentation including introduction, design, and implementation details
Compiled all analysis results and added dashboard screenshots to the report
Finalized Power BI dashboard with all required visualizations
Prepared PowerPoint presentation for final project demonstration
Reviewed and corrected documentation for clarity and formatting
Completed the final project ready for submission

Future Work Plans:

Integrate real-time cloud data sources (AWS, Azure APIs)
Enhance the system with machine learning for cost prediction
Automate the data pipeline for continuous updates
Deploy the system as a web-based application for wider usage

Implementation shown:

☐

Yes

☐

No
